

Coaches Code of Ethics

A separate Code of Ethics is required to be signed for each coach from each school.

I will abide by the coaches code of ethics as it appears in the current National Federation Spirit Rules Book.

I will be knowledgeable and adhere to the rules pertaining to each event that my team participates in as set forth by MCCA.

I will ensure that each participant meets all eligibility requirements set forth by MCCA and that each participant on my team's roster is verified by my school's athletic director.

I will act in a professional and respectful manner towards MCCA and its officials which will reflect positively on my team, my school, other spirit groups, and cheerleading in general.

I will ensure that all participants in my cheerleading program will follow all standards listed in the MCCA Coaches Code of Ethics.

Failure to comply with this Code of Ethics may result in individual and or team suspension from MCCA events as decided by the MCCA Board of Directors.
